Thank you for your consideration.

We had them coming to the Vision Council last week, but forgot to reschedule when that got cancelled.

Lauren - please set a meeting for me, Kat, and Katano.

Thank you for the personal briefing and congratulations on all the progress! We will get back to you. I wonder also if you wanted us to speak with any of your finance team on aligning the banking RFP process with your objectives and stakeholder? Forgive me if I missed an email! Best kat.

Kat,

Thank you for coming to City Hall to meet with me on Monday. Your support of the Oakland Promise (OP) has literally empowered students in East Oakland to succeed; this would not have been possible without Tom and your generosity. I particularly resonated with your insight that investing in our children and their education is the best way to ensure they will stay out of the prison system and have the opportunities they deserve.

Thank you also for offering to talk with Tom about a potential investment in the Oakland Promise Generation Fund and Children's Initiative, which would not only support the sustainability of the OP, but also dramatically improve the quality and access to preschool similar to the campaign you supported in Marin. Please let us know when you have gotten a chance to talk with Tom and if there is anything we can provide to support your consideration. To that end, I wanted to provide a virtual copy of the presentation we shared [here](#). David will also be following up separately with Salvador.

Tom: let me know if you would like to get together; I would love to bring you up to speed and answer any questions you may have, and I am sure there are many other issues you may want to discuss. Happy to host you in City Hall or come to you—let me know what works best.

I look forward to continuing to work together in support of Oakland students and families.

Best,

Libby
