Hi Cory, our state commission fellow application just went live:  
<https://stateimpactcenter.org/about/fellows-program/apply-for-an-nyu-fellow-state-commissions>. At this time, we are focusing on fellows working directly in state commissions. However, we do see that fellows in other agencies could support our goals and hope to be in touch soon with more news. Does US Climate Alliance have any fellow availability now?

All my best,  
Jessica

Hi Cory, thanks for following up and for your patience. We are still in the process of figuring out how to best move forward. I do want to share that our first non-attorney general fellow posting is now live, a legal policy analyst position with Commissioner

Davante Lewis (<https://stateimpactcenter.org/ag-work/tellows-program/apply>). I will have more to share soon.

All my best,  
Jessica

Hi Jessica, I just wanted to follow up on our conversation from two weeks ago. I think you were going to investigate possible next steps on your end? I've had a few conversations on ours and everyone is eager to move forward with a partnership if possible.

Best,  
Cory

Hi Cory,

Thanks for reaching out. I think it makes sense to find some time to have an intro chat over zoom/phone. Some times that we could meet:

Thursday, 5/11: 3-4pm ET

Monday, 5/15: 1:30-4:30 pm ET

Tuesday, 5/16: 3:30-4:30 pm ET

If you have a half hour free in those windows, I'm happy to send an invite. Or I know schedules are tight, so if you're booked in those times, please let me know and I'll find some other times to offer. Thanks!

All my best,  
Jessica

Hi Jessica and Bethany – so sorry for the long delay in getting back to you. We'd love to reconnect about possible collaboration/partnerships and whether there might be an opportunity for the state of Michigan to host a fellow through your program.

What would be best in terms of next steps? Happy to find time to discuss or move forward via email as you see fit. If a meeting is best, please feel free to suggest a few times that work for you and we can pull in the necessary folks from our end.

Best,  
Cory
