Subject:	Access Bootleg					

Hi Sara and Jessica - May we be sent a bootleg of the new Access language as soon as you see it ready? And we can get it to our OGC.

We have alerted Exec Sec and OIRA that this is coming.

Best, Perrie

**Subject:** Follow up

I hope you've managed to get some downtime this weekend. A few items of follow up:

- Slides
  - Spoke with the team about making these clearer and better teeing up the issue; CMS will focus on this more going forward
  - Team is also working to get you and Clare the slides earlier in the week for review
- Clearance process improvements
  - OIRA combining/deconflicting EOP comments the team is totally on board with this; right now they are
    often getting multiple documents back from EOP so would greatly appreciate one combined document
  - Brief on guidance documents the team is also on board with this, but we'll need to find additional time b/c the Friday briefing schedule is packed. Meghan/Kristi are working on a list of the weeks they think we'll need to schedule the additional time (ex: week of 1/23 there will be a guidance document over there)
- Additional time this week we also need additional time this week to complete the briefing from Friday. Meghan is going to coordinate getting a new on calendars

Subject:	FO report release date		

Sam just reminded me that "Value Week" is next week and multiple staff pre-recorded their virtual remarks – including me. I recorded my remarks last week. And in the remarks I referenced the EO report that was published. I believe other CMMI speakers did the same.

I know that the report is scheduled right now to go out the 23<sup>rd</sup> but that there might be some thought to pushing it out further. IF AT ALL POSSIBLE can we please keep it on Monday the 23<sup>rd</sup>? I don't think there will be time to re-record all the Value Week speeches at this point prior to the week itself.

Let me know if we should discuss live.
