Subject: DUE ASAP: RORY/AMBER/JEREMY :TAXES HOLD HARMLESS CIB ROLLOUT ACTIONS

Good morning,

I need to return the attached Taxes CIB "Reactive" and Qs below to the OCD asap. The question I want to raise up to you all is on the Reactive regarding the OL comment to be softer on the language around the loophole since we are clarifying existing policy and should not mention the loop hole issue. Can you confirm that you are fine with OL's suggested edits to the language? I think the "longstanding position" language was struck by Hannah Katch. Also, are you good with the below responses to Perrie's questions? She did come back with more questions on our FMRs in general, but I am clarifying with her what information exactly she is requesting.

OCD Qs on FL, MO, TX taxes related actions

1. Have we issued to Florida any other FMRs , on any other subjects, since January 2021? Or is this their first FMR since that time?

Answer: Yes, we are currently finalizing a FY 22 FMR on two SDP preprints (this FY 22 FMR did not address LPPF financing). FMG conducted the FY 22 FMR field work between January 2022 and November 2022. FMG is developing the draft FMR report.

1. Did we also start an FMR with TX and MO on this same issue? Or is the OIG looking into TX?

Answer: The OIG is actively conducting an audit in Texas on this issues, but we are not aware of any plans to conduct a similar audit in Florida or Missouri. On April 14, 2022, the OIG held an Entrance conference with Texas state Medicaid to conduct an audit of the state's LPPF arrangement. OIG hopes to issue the draft report to the state in June 2023 relating to (b)(5).

(b)(5)

- a. What is the status of TX and MO – either FMRs or OIGs? When did those start?
Answer: See above
2. I know the letter to FL is not public. Do final FMR reports, including this one, get posted on Medicaid.gov?
Answer: We do not post to Medicaid.gov, but they can be requested as part of a FOIA.
3. Confirm the following is accurate:
- a. CMCS anticipates to issue a draft FMR report to the state by the end of calendar year 2023. The state will then have 30 days to formally respond to the draft report. Afterwards a final report will be issued that will incorporate the state's response to any findings, observations, and recommendations including CMS comments to the state's response. **Correct – though many times states ask for additional time.**
If the state's response to our findings is not sufficient, CMS will consider possible disallowances of FFP. **Correct**

OCD Qs on FL, MO, TX taxes related actions

1. Have we issued to Florida any other FMRs , on any other subjects, since January 2021? Or is this their first FMR since that time?

Answer: Yes, on January 1/18/2022 FMG held an Entrance conference with Florida state Medicaid to conduct a review on two (2) of nine the state direct payment preprints. The field work was conducted between January 2022 and November 2022. (b)(5)

(b)(5)

1. Did we also start an FMR with TX and MO on this same issue? Or is the OIG looking into TX?

Answer: On April 14, 2022, the OIG held an Entrance conference with Texas state Medicaid to conduct an audit of the state's LPPF arrangement funded by a tax. (b)(5)

(b)(5)

- a. What is the status of TX and MO – either FMRs or OIGs? When did those start?

Answer: See above

2. I know the letter to FL is not public. Do final FMR reports, including this one, get posted on Medicaid.gov?

Answer: We do not post to Medicaid.gov, but they are FOIABLE.

3. Confirm the following is accurate:

OCD Qs on FL, MO, TX taxes related actions

1. Have we issued to Florida any other FMRs , on any other subjects, since January 2021? Or is this their first FMR since that time? I don't think so, but DFO/DFP can confirm. Yes, we conduct an FMR in 2022 on two of nine the state direct payment preprints. (draft report is being prepared and has not yet been issued to the state)
2. Did we also start an FMR with TX and MO on this same issue? Or is the OIG looking into TX? The OIG is doing a report (I forget timing) Entrance conference with the state was April 14, 2022. Additionally, OIG 2023 has not identified the states they will review but shared with FMG their workplan for 2023 includes a planned review of States' Use of Local Provider Participation Funds as the State Share of Medicaid Payments.
 - a. What is the status of TX and MO – either FMRs or OIGs? When did those start? For MO – I don't think there has been an FMR on this topic. The last FMR on MO hospital tax was issued 11/25/2007 and was related to what revenues should or should not be included in the hospital tax base. MO we are performing an expanded 12/31/2022 CMS-64 review that will include the FRA tax.
3. I know the letter to FL is not public. Do final FMR reports, including this one, get posted on Medicaid.gov? We do not post to Medicaid.gov, but they are FOIABLE

Hi Beverly,

Please see attached some suggested minor edits to the CIB per a conversation with Dan this afternoon. Please let me know how you'd like to handle given where we are in the process.

Thanks,
Rory

Subject: DUE COB TODAY: :TAXES HOLD HARMLESS CIB ROLLOUT ACTIONS

Hello team,

Hopefully this will be quick and I can hear back by COB today.

1. First We are gearing up to rollout the Taxes CIB on Friday and need to make sure we're aligned on actions. Please let me know if there are any final *tweaks* to the final CIB here
→ [Final Taxes CIB](#)

2. Please review the FMR Reactive Statement and let me know if there are edits:

(b)(5)

3. ROLL-OUT – The CIB will be released on Friday by 3pm, **Rory** please confirm what time you will be contacting the FL and MO SMDs
 - **Friday 2/17 – Rory Action:** prior to Taxes CIB being released, FMG will contact Florida SMD regarding engaging on a Financial Management Review (FMR) of Florida's managed care state directed payments (SDPs) funded by their health related tax. We did make the state aware in a companion letter issued as part of SDP approval in 2022.
 - **Friday 2/17 – Rory Action:** prior to Taxes CIB being released, FMG will contact the Missouri SMD regarding a focused CMS-64 review of the state's inpatient/outpatient Federal Reimbursement Allowance (FRA) hospital tax and will review expenditures for quarter ended 12/31/2022 .
 - **Friday 2/17 - CIB RELEASED @3pm**
4. State Follow-Up Actions Post Issuance of the Taxes CIB (**Week of 2/20**): DFOs/Jay please note the Weds 2/22 date to release the FMR engagement letter and MO questions
 - On Weds 2/22 FMG CMS will issue the FL FMR engagement letter to the state

- On Weds 2/22 FMG will issue a question-set to the state in advance of the focused CMS-64 review regarding any pooling/redistribution of funds issues.

Please respond by COB today with any minor tweaks to the final SMD and Reactive Statement. Rory, please let me know what time you plan to make calls on Friday.

Hello,

I want to make you aware that the release of the taxes CIB has been moved to Friday 2/17. Rory will connect with the FL SMD regarding the FMR on the following Weds 2/22? Rory is that your understanding?

I will keep everyone posted on any changes.

Thanks

I was wondering about that one as well. I don't think it would be appropriate to add a managed care pre-print reference here. But there might be something in section 438 of the regs.

Thanks Johnathan. The citations are around documentation collection correct? It appears OL is flagging whether there is a citation around 438.6 (c) managed care pre-print collection. Can someone share the draft CIB with John Giles and Laura Snyder in DEHPG to confirm? If we can hear back by COB Mon that would help to keep us on track with the 2/10 release date.

Thank you!

Beverly,

Most of the edits should be easy and we can do today. The only one I don't know about is the request for a reference to the "managed care" regulations as it relates to the authority of CMS to request documentation as I am not as familiar with the managed care regs. We can do everything else quickly.

Hello, I am adding a SP link (below) for the reactive statement with OL comments/edits (attached) to be aligned with the updated CIB and Q/As. Will these changes impact the OA briefing paper? We normally wait until we have clearance comments before going to OA, but I understand we are on a somewhat tight timeline.

OC reconciled the comments. I did move the reconciled version of the CIB and Q/As to SharePoint (below). Please see attached with separate line edits/comments for full disclosure from OL and OGC. Please make edits in the reconciled version.

As a reminder, next step is R2 CMS and the OCD will concurrently send it directly to Rachel in IOS, Sara Sills in OMB (Rory I did mention to Perrie that we shared and advanced copy with OMB), and Jessica Schubel in DPC to review.

Thanks Kristin,

Status update: OCD confirmed we are still aiming for 1/23. OCD is awaiting OGC comments (if any) on the CIB. Once the CIB clears Comms, the OCD will send it directly to Rachel in IOS, Sara Sills in OMB (Rory I did mention to Perrie that we shared and advanced copy with OMB), and Jessica Schubel in DPC to review.

In addition due COB today - Here is the reactive that was drafted by OC for the CIB. Please let me know if you have edits to the reactive statement developed by OC.

Thanks

Thanks Beverly. I defer to others but don't think the edits are helpful for the CIB. It was carefully crafted language. I would not recommend accepting these changes.

Good morning and HNY! ☕

Looping others. All Comms clearance comments on the CIB are due from commenters on 1/5. Please hold the attached FCHCO comments until all other comments on the CIB are received. I will need clean and redlined comments once all comments are received.

In addition due 12pm tomorrow 1/5 - Here is the reactive that was drafted by OC for the CIB. Please let me know if you have edits to the reactive statement developed by OC.

Thank you

Hi Tim,

Happy New Year. I appreciate you taking the time to review and to comment. Thanks for catching the typo and for highlighting where we could be more precise to avoid misinterpretations. We'll update the draft CIB to address the comments/edit. Thanks again.

Rory –

I understand the CIB was FYI-only, but I feel compelled to share with you a few things in the attached. I was only reading it to try to learn the policy, but there is a place in the CIB where a reader could easily take away the wrong message. And a typo.

Title: Internal Q&As for CMCS informational bulletin on health care related taxes and hold harmless arrangements.

Agency/Office: CMCS

Subject/Description: CMS will release an informational bulletin on health care related taxes and hold harmless arrangements involving the redistribution of Medicaid payments. This informational bulletin responds in part to questions CMS has received regarding the statutory and regulatory requirements applicable to health care-related taxes, including in connection with proposals to implement or renew Medicaid managed care state directed payments (SDPs). There will be a reactive statement, listserv message, and internal questions-and-answers for this item.

Hi Miquel,

In addition to the materials that we shared last week, please also see attached the current draft of an informational bulletin that CMS intends to release to states later this year or early next year. The bulletin would remind states of statutory and regulatory requirements regarding prohibited hold harmless arrangements and producing supporting documentation to CMS. It would not establish any new CMS policy or requirements. Please keep the draft close hold, as it is still under development by CMS and has not been released outside of CMS.

We thought the information might be helpful to you. As always, please let us know if you have questions or would like to discuss.

Thanks,

Good morning Miquel,

Please see attached five documents per our conversation last week. They are as follows:

1. A November 2021 letter from CMS to the State of Texas outlining CMS' concerns regarding a possible hold harmless arrangement relating the state's LPPF financing.

2. A set of consolidated communication between CMS and the State of Texas regarding multiple proposed SDPs. The communication includes robust discussion regarding the state's LPPF arrangement.
3. A March 2022 letter informing the state that one of its proposed SDPs are approved, but informing the state that the SDP approval does not constitute an approval of underlying sources of non-federal share. Please note that this is only one of three parallel TX approval letters that we are including as an example. The other letters contained the same language regarding non-federal share sources.
4. A September 2022 letter from CMS approving a proposed state directed payment (SDP) for the State of Florida, but informing the state that the SDP approval does not constitute an approval of underlying sources of non-federal share.
5. A September 2022 "companion" letter sent to Florida at the same time as the SDP approval indicating that CMS has outstanding concerns regarding the state's source of non-federal share for its SDP. The letter provides detailed information regarding the statutory and regulatory basis for our concerns regarding a possible hold harmless arrangement, as well as notifies the state of CMS' intent to conduct a FY 23 financial management review of Florida's LPPF arrangement.

Please let us know if you have any questions or if it would be helpful to set up some more time to discuss.

Regards,
Rory

Good morning John and Miquel,

Please see attached an updated version of the CMCS Informational Bulletin (CIB) that I originally shared below. Tentatively, CMS is scheduled to publish the CIB on Friday, so we wanted to provide you advanced notice and a more recent draft. Again, the CIB is intended to remind states of statutory and regulatory requirements regarding prohibited hold harmless arrangements and the production of supporting documentation. It does not establish any new CMS policy or requirements. Please keep the draft close hold, as it is has not been released publicly.

Please let me know if you have any questions.

Thanks,
Rory

Hi Alma & Jay –

I reviewed the draft FMR and Rory plans to look at it within the next week. One quick question – was the draft shared with the managed care folks or CAHPG? I'm asking specifically in relation to Observation #5 Beneficiaries Should have been Migrated to MCO. Are the SMEs comfortable with the observation?

Thanks, Amber

Yes – Dan wanted to limit the review to only LPPF (taxes) so we took the other part of the objective out.

Hello,

Please see below with highlights where additional information or confirmation is needed. Also, thanks Kristin for responding on the CIB reactive

→ CIB Reactive Statement w/OL Comments. Also, I am attaching the updated MO CMS-64 review timeline...didn't we prepare a FL FMR timeline, I could not locate it and I have to step out. Lia can you send to me?

OCD Qs on FL, MO, TX taxes related actions

1. Have we issued to Florida any other FMRs , on any other subjects, since January 2021? Or is this their first FMR since that time?

Answer: Yes, on January 1/18/2022 FMG held an Entrance conference with Florida state Medicaid to conduct a review on two (2) of nine the state direct payment preprints. The field work was conducted between January 2022 and November 2022. The FMR is still ongoing as the draft report is still being prepared and not issued to the state.

1. Did we also start an FMR with TX and MO on this same issue? Or is the OIG looking into TX?

Answer: On April 14, 2022, the OIG held an Entrance conference with Texas state Medicaid to conduct an audit of the state's LPPF arrangement funded by a tax (DFO-W do you know the status

(b)(5)

- a. What is the status of TX and MO – either FMRs or OIGs? When did those start?

Answer: See above

2. I know the letter to FL is not public. Do final FMR reports, including this one, get posted on Medicaid.gov?

Answer: We do not post to Medicaid.gov, but they are FOIABLE

3. Confirm the following is accurate:

- a. CMCS anticipates to issue a draft FMR report to the state by the end of calendar year 2023. The state will then have 30 days to formally respond to the draft report. Afterwards a final report will be issued that will incorporate the state's response to any findings, observations, and recommendations including CMS comments to the state's response.

Correct – though many times states ask for additional time. (Jay can you confirm)

If the state's response to our findings is not sufficient, CMS will consider possible disallowances of FFP. **Correct**

Thanks all

Looping in Sid and Ricardo on the Florida piece. I don't believe we have sent them anything yet. I will take a look at Kristin's comments.

Subject: RE: DUE 2PM TODAY: :TAXES HOLD HARMLESS CIB ROLLOUT ACTIONS

Thanks Dorothy and Kristin, since the OCD Qs seem to work better outside of SP, we'll go with that. Jay can you confirm on Q1. Anyone else have responses to address the Qs ?

OCD Qs on FL, MO, TX taxes related actions

1. Have we issued to Florida any other FMRs , on any other subjects, since January 2021? Or is this their first FMR since that time? I don't think so, but DFO/DFP can confirm. Yes, we conduct an FMR in 2022 on two of nine the state direct payment preprints. (draft report is being prepared and has not yet been issued to the state)
2. Did we also start an FMR with TX and MO on this same issue? Or is the OIG looking into TX? The OIG is doing a report for Texas that began in November 2021 and is expected to be completed sometime in 2023 (I forgot timing) Entrance conference with the state was April 14, 2022
 - a. What is the status of TX and MO – either FMRs or OIGs? When did those start? For MO – I don't think there has been an FMR on this topic. The last FMR on MO hospital tax was issued 11/25/2007 and was related to what revenues should or should not be included in the hospital tax base. MO we are performing an expanded 12/31/2022 CMS-64 review that will include the FRA tax.
3. I know the letter to FL is not public. Do final FMR reports, including this one, get posted on Medicaid.gov? We do not post to Medicaid.gov, but they are FOIABLE
4. Confirm the following is accurate:
 - a. CMCS anticipates to issue a draft FMR report to the state by the end of calendar year 2023. The state will then have 30 days to formally respond to the draft report. Afterwards a final report will be issued that will incorporate the state's response to any findings, observations, and recommendations including CMS comments to the state's response. **Correct – though many times states ask for additional time.**
 - b. If the state's response to our findings is not sufficient, CMS will consider possible disallowances of FFP. **Correct**

Also, please review and confirm (thanks Kristin, anyone else?) where we accept the proposed changes → [CIB Reactive Statement w/OL Comments](#)

Subject: DUE COB TODAY: :TAXES HOLD HARMLESS CIB ROLLOUT ACTIONS

Hello team,

Hopefully this will be quick and I can hear back by COB today.

1. First We are gearing up to rollout the Taxes CIB on Friday and need to make sure we're aligned on actions. Please let me know if there are any final *tweaks* to the final CIB here → [Final Taxes CIB](#)
2. Please review the FMR Reactive Statement and let me know if there are edits:
On Wednesday, February 22, the Florida Deputy Secretary for Medicaid Tom Wallace will receive a letter notifying the state of the engagement by CMCS of a Financial Management Review (FMR) of Florida's managed care state directed payments (SDPs) funded by its health-related tax. The state was previously made aware of this coming FMR in a companion letter issued as part of the SDP approval in September 2022. The FMR will review the state's ~~operation of and supervision over~~ its Local Provider Participation Fund (LPPF) ~~health care-related~~ tax program as a source of Florida's non-federal share. CMCS is aware of other states have similar hospital tax arrangements. The states appear to have pre-arranged agreements to redirect Medicaid payments away from Medicaid providers serving a high percentage of Medicaid beneficiaries to hospitals that either do not participate in Medicaid or serve a low percentage of beneficiaries. This payment redirection appears to violate federal requirements. Florida's LPPF tax structure and media reports indicate that the Florida LPPF arrangement may be similar to the other state arrangements. To date, Florida's Agency for Health Care Administration (AHCA) has been unable ~~(or unwilling)~~ to provide assurance that there is not an arrangement to redistribute Medicaid state directed payments.
3. ROLL-OUT – The CIB will be released on Friday by 3pm, **Rory** please confirm what time you will be contacting the FL and MO SMDs
 - **Friday 2/17 – Rory Action:** prior to Taxes CIB being released, FMG will contact Florida SMD regarding engaging on a Financial Management Review (FMR) of Florida's managed care state directed payments (SDPs) funded by their health related tax. We did make the state aware in a companion letter issued as part of SDP approval in 2022.

- Friday 2/17 – **Rory Action:** prior to Taxes CIB being released, FMG will contact the Missouri SMD regarding a focused CMS-64 review of the state's inpatient/outpatient Federal Reimbursement Allowance (FRA) hospital tax and will review expenditures for quarter ended 12/31/2022.
- Friday 2/17 - **CIB RELEASED @3pm**

4. State Follow-Up Actions Post Issuance of the Taxes CIB (**Week of 2/20**): DFOs/Jay please note the Weds 2/22 date to release the FMR engagement letter and MO questions
 - On Weds 2/22 FMG CMS will issue the FL FMR engagement letter to the state
 - On Weds 2/22 FMG will issue a question-set to the state in advance of the focused CMS-64 review regarding any pooling/redistribution of funds issues.

Please respond by COB today with any minor tweaks to the final SMD and Reactive Statement. Rory, please let me know what time you plan to make calls on Friday.

I was wondering about that one as well. I don't think it would be appropriate to add a managed care pre-print reference here. But there might be something in section 438 of the regs.

Thanks Johnathan. The citations are around documentation collection correct? It appears OL is flagging whether there is a citation around 438.6 (c) managed care pre-print collection. Can someone share the draft CIB with John Giles and Laura Snyder in DEHPG to confirm? If we can hear back by COB Mon that would help to keep us on track with the 2/10 release date.

Thank you!

Beverly,

Most of the edits should be easy and we can do today. The only one I don't know about is the request for a reference to the "managed care" regulations as it relates to the authority of CMS to request documentation as I am not as familiar with the managed care regs. We can do everything else quickly.

Best,

Jonathan

Subject: OMB PASSBACK DUE COB MON 2/6: Status and Follow Up on Reactive Statement DUE COB TODAY: CIB Health Care Related Taxes and Hold Harmless Arrangements

Good afternoon team,

Please see attached, OMB just provided the passback on the Tax CIB. VERY, minor edits. I believe we can turn this around by COB Mon? Please confirm. We are still aiming for Friday 2/10 release.

Thanks you

Hello everyone,

The release date for the CIB has moved a couple times as OC is planning for other rollouts. Please see attached, the CIB is now targeted to be **released on Friday 2/10**. It is currently under OS review with comments due on Monday; however, I am checking with Perrie on whether the below schedule will be revised given the new 2/10 release date. I will keep you posted.

- 1/19 – Send to IOS (Rachel) for Review
- 1/23 COB – Rachel sends comments
- 1/25 – FMG revises
- 1/26 9am – Send to EOP (DPC, OMB) for review
- 1/30 12pm – EOP sends comments
- 1/30 – FMG revises
- 1/31 or 2/1 – Launch (depending on comments?)

Hello, I am adding a SP link (below) for the reactive statement with OL comments/edits (attached) to be aligned with the updated CIB and Q/As. Will these changes impact the OA briefing paper? We normally wait until we have clearance comments before going to OA, but I understand we are on a somewhat tight timeline.

OC reconciled the comments. I did move the reconciled version of the CIB and Q/As to SharePoint (below). Please see attached with separate line edits/comments for full disclosure from OL and OGC. Please make edits in the reconciled version.

Thanks Kristin,

Based on your comments would the below edits work? Please others review Kristin's comments in the attached and make edits here ➔ reactive that was drafted by OC by COB today.

State use of impermissible non-federal share sources often artificially inflate federal Medicaid expenditures. Further, these arrangements ~~reimburse~~ reward providers based on their ability to fund the state share and ~~divert the focus of~~ disconnect Medicaid payment from services, quality of care, health outcomes, and other program goals. Additionally, some redistribution arrangements may result in redirecting Medicaid payments away from Medicaid providers that serve a high percentage of Medicaid beneficiaries to providers that do not participate in Medicaid or have relatively lower Medicaid utilization.

Thanks

Rory –

I understand the CIB was FYI-only, but I feel compelled to share with you a few things in the attached. I was only reading it to try to learn the policy, but there is a place in the CIB where a reader could easily take away the wrong message. And a typo.

Title: Internal Q&As for CMCS informational bulletin on health care related taxes and hold harmless arrangements.

Agency/Office: CMCS

Subject/Description: CMS will release an informational bulletin on health care related taxes and hold harmless arrangements involving the redistribution of Medicaid payments. This informational bulletin responds in part to questions CMS has received regarding the statutory and regulatory requirements applicable to health care-related taxes, including in connection with proposals to implement or renew Medicaid managed care state directed payments (SDPs). There will be a reactive statement, listserv message, and internal questions-and-answers for this item.

Subject: RE: RE: NPR SBS Interview Prep
Attachments: FY 2021 FMR NET EXPENDITURES.xlsx
Hi Dan,

Please see attached the FY 21 Net Expenditure Report that the NPR reporters pulled from Medicaid.gov. It contains CMS-64 data, as reported by states (effectively on a cash basis). There is a "MAP" (medical service expenditures) and an "ADM" (state administrative expenditures) tab in the Excel file for each state. There is also a tab that has a national total. The relevant SBS line on the MAP tab is 95; on the ADM tab it is line 32.

Contrary to the NPR's assertion, it does appear that Oregon reported FY 21 SBS expenditures for both MAP and ADM. For FY 21, Oregon reported approximately \$2.2 million in SBS MAP expenditures and about \$315,000 in SBS ADM expenditures. Regardless, I think our statement remains accurately that we likely have some states underreporting school-based services due to overlapping service categories. Please let us know if you have additional questions.

Thanks,
Rory

Subject: RE: NPR SBS Interview Prep

Dan – We sent the SBS information back to the NPR reporters in response to their FOIA request on SBS expenditures, noting that: “See attached what went back in response to the FOIA. Please note as we shared with the reporters on the call, the SBS expenditures are likely under represented on this table because states may be reporting SBS on other service reporting lines even when the services are provided in school-based settings.”

It also looks like the NPRs calculations are correct.

Hi Dan – See attached the NPR questions shared last week with FMG as part of the background/prep call.

You also have 15 mins with FMG today at 11:45am to prep for the interview.

Additionally, NPR reporters sent over the below numbers, using the data from [past Financial Management Reports](#). Chris is confirming them and will send additional thoughts.

Lastly, you are being interviewed by: Emily Harris and Shasta Kearns Moore
Emily Harris (for radio): <https://www.npr.org/people/193955788/emily-harris>
Shasta Kearns Moore (for written article): <https://twitter.com/ShastaKM>

Best,
Perrie

We've also done some number crunching and have come up with these data points:

Nationally: Total school-based expenditures in 2021: \$5.98 billion; a 33 percent increase over 5 years (since 2016).

One sample state (Oregon): Zero school based services, but school-based admin of \$212,000/year in 2016, rising to \$2.5 million in 2021.

We'd really appreciate making sure we're getting those numbers right; also would like to know where it's going. What kind of insight does CMS have as to what services those dollars are covering?

Dear all,

Please see attached a comment from the AHA that touches on the financing provisions of the managed care rule. It references the February 17, 2023 CIB. It also references the recent Texas lawsuit related to the CIB. They state that they concur with Texas and believe that the CIB is unlawful. The financing provisions discussion is on pages four to six of the document.

Subject: AHA comments on CMS's Managed Care Rule

Good morning, writers:

Attached is a 20 page letter from AHA on the Managed Care rule, most significantly for SDP and FMG teams. This was sent directly to Dan and Ann Marie last night and will take a few days to post on the regulations.gov page.

Please reach out with any questions.

Thanks,
Pooja

We plan to add this to the agenda for Tuesday's meeting to discuss it with the branch, but we agree – we will likely have to follow up with the state to resolve some of these questions.

NOTE: This email originated outside NORC.

Courtney,

Thanks. Glad to be of service. I would ask the state to separate ancillary out into IP and OP revenue. You shouldn't have to guess.

I have no idea what Outpatient IP and Outpatient OP revenue would be. Revenue is either IP or OP but not both. It's a binary choice. I would ask the state what Outpatient IP revenue is and if it is IP revenue or OP revenue.

Sometimes states make things out to be much more complicated than they need to be.

Would be glad to talk if helpful. Thanks.

Best,

Jonathan

Subject: FL FMR - 6% test

Hello Jonathan,

In addition to the provider interview work we've been discussing in the weekly meetings, I've been working on performing the 6% test since we received Florida's updated data submission that more clearly separated inpatient from outpatient revenue in the tab labeled '[Step 2- Calc. Net Patient Rev.](#)'. Based on the updated worksheets, the state separates revenue into 5 categories for each hospital in the Step 1 G-2 Class Removal Data tab. These categories are: inpatient, outpatient, ancillary services, skilled nursing facilities, and other long term care. Then they calculate the 'derived net patient revenue' by dividing net patient revenue by gross patient revenue and multiplying that by the adjusted total (which is inpatient + outpatient + ancillary - skilled nursing facilities - long term care). In other words:

(NPR/gross patient revenue) x (inpatient + outpatient + ancillary - skilled nursing facilities - long term care) = derived NPR

To calculate the net inpatient costs, the state divides the sum of three inpatient service categories by the gross patient revenue, like this:

$$(\text{inpatient services} + \text{ancillary IP services} + \text{outpatient IP}) / \text{gross patient revenue}$$

The resulting percentage is then multiplied by the 'derived net patient revenue' to arrive at the calculated inpatient net revenue, which the total assessment (LPPF & PMATF) is divided by in the 6% test tab. My question is whether ancillary services should be included in these calculations? They list out ancillary services costs for both inpatient and outpatient, and include them in the gross revenue costs that determine IP and OP net revenue.

Revenues are also broken out by Outpatient IP and Outpatient OP. Another question I have is should these outpatient "inpatient" costs be considered inpatient or outpatient costs when calculating the net revenue for each class?

Happy to set up a time to meet and discuss, if you prefer. Thanks!

Courtney

Subject: Questions Regarding Medicare Cost Report for Florida Financial Management Review

Good morning Dicky,

I am working with some of your CMS colleagues in the Financial Management Group on a Financial Management Review (FMR) for Florida. We are reviewing the state's use of revenue derived from the Local Provider Participation tax program, a health care-related tax that the state imposes on hospitals to use as a source of the non-federal share of Medicaid payments. One of the requirements for this tax to be permissible is that taxpayers, the hospitals, are not held harmless through several conditions outlined in [42 CFR 433.68\(f\)](#). One of these conditions (section 3(i)(A)), prohibits the state from imposing a tax that provides any direct or indirect payment, offset, or waiver that guarantees to hold taxpayers harmless for all or any portion of the tax amount. For the health care-related tax to be permissible, the sum of all health care-related taxes on each health care class (inpatient and outpatient services, separately) must be applied at a rate that produces revenues less than or equal to 6% of the revenue received by the tax payer.

As part of the FMR, Florida submitted spreadsheets with revenue broken out by categories according to the Medicare Cost Report worksheets G-2, which is what we would appreciate your expertise in better understanding. The state has 5 categories of revenue: total inpatient routine care services (corresponding to G-2 Line17 Column1 in the Cost Report), Ancillary Inpatient Services (G-2 L18 C1), Ancillary Outpatient Services (G-2 L19 C1), Outpatient Inpatient Services (G-2 L19 C1), and Outpatient OP Services (G-2 L19 C2). Our initial questions are:

1. What services are typically included as "ancillary" in the Medicare Cost Report? The state is currently including ancillary services as either inpatient or outpatient revenue to calculate the sum of revenue for these categories, and we would like to understand what ancillary services are to determine if they should be categorized as inpatient/ outpatient or omitted from this calculation entirely.
2. What is meant by "outpatient inpatient services" in G-2 Line 19 Column 1 of the Medicare Cost Report? Currently, the state is classifying this revenue as inpatient when calculating the total inpatient revenue. Should this revenue be considered inpatient or outpatient?

Happy to answer any additional questions you might have. We appreciate any guidance you may have for us.

Thank you!

Courtney

Subject: RE: Question About Texas SDP Approvals

Hi Jonathan and FMG colleagues,

Apologies for not responding earlier; there has been a whirlwind of activity. MCG and FMG leadership met with OGC on Friday to discuss next steps with the SDPs. We are moving ahead with approval of the 4 SDPs (QIPP, TIPPS, RAPPS and DPP BHS). The approval letter will include the following language:

This approval letter does not constitute approval of any Medicaid managed care plan contracts or

rate certifications for the aforementioned rating period, or any specific Medicaid financing mechanism used to support the non-federal share of the provider payment arrangement. All relevant federal laws and regulations apply. CMS reserves its authority to enforce requirements in the Social Security Act and implementing regulations, including by initiating separate deferrals and/or disallowances of federal financial participation. This approval letter only satisfies the regulatory requirement pursuant to 42 CFR 438.6(c)(2) for written approval prior to implementation of any payment arrangement described in 42 CFR 438.6(c)(1). Approval of the corresponding Medicaid managed care plan contracts and rate certifications is still required.

We have also received revised payment calculations from Texas today on the fifth outstanding preprint (CHIRP – hospitals). DMCP is anticipating this will satisfy the outstanding policy concern we had and anticipate moving to approval on the 5th preprint (CHIRP) later today.

I've also attached the email thread for reference as well; please let us know if you have any questions or concerns.

Thanks,

Laura

Subject: Question About Texas SDP Approvals

Hello Alex and Laura,

I wanted to follow up on the Texas SDP approvals. I think I have several questions.

1. Is 7/31/2023 still the current projected approval date for 4/5 of the SDPs not including CHIRP?
2. Do we have a timeline for when you might be looking to approve CHIRP?
3. How much flexibility do we have with that date, if at all?
4. Would you agree that the basic decision that we have is to put or not to put language in the SDP approval letter discussing our concerns about the source of the non-federal share?
5. Is there a date by which you would need for us to send you the language in question?
6. If we decide we do want to insert language in the SDP approval letter, could you send us the approval letter "as is"? Or would you prefer that we send you the language and you insert it in the letter where it is supposed to go.
7. I think getting OGC input on any language we put in the letter, which I think we would want, may be difficult in the timeline provided. Would you agree?
8. We wanted to let you know that we are in the process of bringing this issue to Rory's attention so we can get his thoughts on the subject.

Best,

Jonathan

Subject: RE: RE: MD GCW Request

Thank you Edi. I had a couple of questions:

1. Does this GCW have any connection to the State's request for increased FFP related to the M-QIP SDP? It does not seem so.
2. Do we know what SDP this GCW relates to? Is it M-QIP? All the waiver says is "the state directed payment program." Presumably they have more than one. Maybe they don't.
3. Do we know what effective date they want the allocation for? The GCW is for March 2020-March 2021. I am not sure what date they are asking for the allocation.

There are several other GCWs we have in house that are affected by the PHE. We would probably need to make a decision on this GCW in concert with the others.

I will share with the TCF team.

Subject: RE: RE: CMS-NORC Weekly FL FMR Meeting Summary

Regarding observation nine it says in the word document, "These claims are out of compliance with Preprint A. However, Preprint A falls under a capitated payment structure and is paid out as a PMPM. As such it cannot necessarily be determined if there are recoupable funds based on enhanced payments made for these beneficiaries who did not qualify under this Preprint due to their age. Because MCOs are paid a capitated PMPM payment for their beneficiaries, the MCOs that made payments on these claims are responsible for the extra costs paid out on beneficiaries not covered by the preprint." And you said in the questions document, "The state/CMS just want to make sure we do not overpay the MCO." However, if the MCO makes a payment to providers for beneficiaries who were not eligible for the services and the state makes a capitation payment to the MCO and we provide FFP to the state, doesn't that mean that we (the state and CMS) are making payments that ought not to have been made because a portion of the capitation payment was for services that should not have been eligible for the payment amount that they received? Isn't that the point with the UIS proxy issue? That there are some people that should not have qualified for Medicaid, but that the state used this proxy to account for and because of the proxy the capitation rate was higher than it should have been? Wouldn't this be an analogous situation? I know in managed care we don't pay for medical services. We pay for what the MCO think the medical services will cost. But is there any way that these payments that should not have been paid at the level that they were will result in us (the state and CMS) paying more than we should? And, if not, any time an MCO pays for something it should not have paid for, that isn't an overpayment and there is no return of money to the federal government? The MCO just loses money? Is that right? I am still trying to wrap my head around what an overpayment means in the context of an MCO. There are so many things that the MCO can do wrong, and the best that we can say is, "Well we might not renew the SDP if you keep doing that," which seems kind of weak. If this were FFS, one would think that there would be money coming back to the federal government. It's just a strange system. I have said for a long time now that MCOs, SDPs, Section 1135 waivers, anything that isn't FFS money-being-paid-for-services Medicaid it does not seem to me like there is as much accountability built into the system. But that's the majority of the program these days, so I am not sure that there is much we can do about it. Thanks for listening Sid.

Subject: CMS-NORC Weekly FL FMR Meeting Summary

Good afternoon,

Thank you for meeting today. Please see below for a brief summary of the call.

Summary of Notes

- NORC confirmed that we have received the approved FARs and OBS.
- NORC sent the Exit Conference slide deck on Friday, February 17th.
 - The Exit Conference has not yet been scheduled; currently awaiting a response from the state.
- CMCS noted they received an email from leadership that the 2023 FMR Engagement Letter is expected to be sent to the state on Wednesday, February 22nd.

Action Items

NORC will follow up with Ricardo and Jay regarding questions on the slides and next steps, including whether NORC has any role in Steps 9 and 10 of the Review Process (CMCS reviews the additional support submitted by the state and writes a final report incorporating state feedback). Jay did not have any questions regarding the slides. For Steps 9 & 10, yes, or maybe depending on what the state provides if we need NORCs help, no if the state doesn't provide additional support etc.

- If possible, CMCS will forward the final engagement letter to NORC.

Thank you!

Courtney

I think the issues are interrelated but distinct. The first is the budget issue, how we are going to work with DHCF on SDP approvals for SDPs funded by taxes. The issue of health care-related tax waivers that come in concurrent with SDPs we would be facing even absent any potential hole harmless concerns. The pooling and redistribution issue, obviously, is connected to our hole harmless concerns. And the finalization of the marketplace care rule significantly changes the landscape because it clarifies that CMS has the authority to disapprove SDPs based on impermissible financing. How often? How often can we decide how much evidence is enough to disapprove an SDP based on impermissible financing? What happens if, as I recall, the case was about impermissible information. Those are all outcomes that need to be, associated and how to work with DHCF to do it. Because those are the lead and same on some

As far as the FGW, I don't think there is a specific time period the FGW needs to weigh in on or even that the FGW necessarily must weigh in on this. I was only saying that this is the type of complicated financing issue that the group was created to weigh in on. It's hard. The group was created to

I agree that we need a discussion to get some clarity on the expectations, when reviewing the tax waivers in conjunction with DMCP's SDP reviews. We are aware of DMCP's timeline on the reviews, but we do have some leverage before our questions answered timely, when the SDP has been approved.

Rony asked for a follow-up call to our call with him last week, once we complete the tasks asked regarding NV and placing a chart of the various brokers of states that we believe to have held harmful issues on SharePoint. He said that we should schedule the follow-up call to discuss the brokers I think we should also discuss these issues with him at that time.

Do we need to meet to discuss the chart and states that will be on it? I think we need to schedule the follow up really soon.

Dear all,

We received this from DMPC regarding Oregon. Oregon used the term "conditional approval" which is the same term that DMPC used in their discussions with us. I am not sure what that means exactly. I believe that it would be beneficial to raise this to Rony to see how he wants to deal with this issue.

1. States that have SDPs are able to tax waivers to fund those SDPs at the same time. Can CMS approve the SDP before the tax waiver? If so, how?

2. States that have SDPs are have financing that, for one reason or another, we suspect may be implemented. Can CMS approve the SDP? Does it depend on the information that we have?

I think we need to get direction from Rony:

1. Now before the managed care rule is in effect and
2. After the managed care rule is in effect.

I think we also need to ask Rony:

1. When it comes to tax waivers, if we have questions like the state says things like tax rates are "approximate" or it fails to separate out rates for IP and OP hospital services in its tax waiver approval letter or it takes the average of several time periods, for example several quarters, and says this is our rate when it is not the rate they are actually taking providers, do we need to ask the state to correct these types of things knowing that it slows the process down? How important is speed versus thoroughness?

I think we should be sure to bring up:

1. Companion letters-
2. "Conditional language"
3. DMPC's desire to have more tax waivers approved after that have been delayed due to financing concerns or issues and their frequent communication to us to that effect.

I know there was a paper covering Missouri and Texas with regard to if we should approve SDPs with questionable financing and, if so, how. I don't know that the issue was ever fully resolved.

Anna, I think this would be a good issue for the financing workgroup to work on. It's complicated. It's consequential. It involves multiple groups within CMS. We need to come to a decision one way or the other on this. And the managed care rule seems like it will change things. I just don't know how much. Undoubtedly, there will be more discussion to come on this.

Best,

Jonathan

Hi Jonathan,

For Gregor, the attached email is what I am referencing - sorry, it's too long to attach it to the last email. It came in at 8pm last night. I appreciate all the work; the proposal I'm putting forward of approving the SGP with conditional language is not intended to stop work you all should do on the tax waiver, right now, the pressure is to move on it quickly because providers are not getting this payment and the rates and contracts are on hold for this issue. I think that the conditional language approval of the SGP will relieve some but not all pressure so that you can work through the tax issue with the state. The conditional language will still have some pressure for the state as we know they will be back in in October for a renewal of the payment arrangement for the next rating period. I also think the email from the state indicates that they are willing to continue to work on the issue with you all (though I do think they don't understand the issue).

Please let me know if there is anything more on OR that would be helpful to share.

Thanks,
Laura

Laura,

Thanks for the info regarding Oregon! What emails did you receive from the state? I am not sure I understand. We have a list of questions and regulatory clarifications on the financing of inpatient hospital services and outpatient hospital services that we would like to send to Oregon. We have sent you the questions and clarifications. I am waiting on DPP Director approval before sending. Regarding taking a similar approach to Oregon, I will also convey your preferred approach is:

Regarding the SGP more generally, all things being equal I would prefer for states with pending tax waivers or states with questionable financing that funds their state-directed payments to not have the state-directed payment approved before the financing is approved; however, we all know that these things can take a substantial amount of time and be messy. And we recognize that DPP has an interest in processing these SGP as quickly as possible. So we are aware that the financing issues can hold things up for a long period of time and that can be frustrating for all involved. To the extent that we can, I think we should communicate to states that it helps to get out in front of issues, i.e. we are doing what we can. For example, on the call yesterday the state mentioned that they had a "financing issue" and I was able to ask them immediately what financing issue. It ended up being nothing, but it's useful to know that ahead of time. It's always better to find out about things like that sooner rather than later, if possible well in advance.

In addition to the tax waiver mailbox, we are also rolling out a set of tax waiver best practices. If states give us the information that we need in the form that we need it and answer our questions when we ask them, we can be quite quick with our approvals. For example the state of Hawaii submitted their IP hospital tax waiver on February 3, 2023. It has been placed on FMG internal clearance tomorrow for Ron's approval and we expect it to be approved. It is our hope that the tax waiver best practices document will serve as a guidebook to states for submitting tax waivers and cut down on tax waiver analysis, processing, approval, and signature time. The proposal is currently under review at our office of the group director. As a way of further expediting the tax waiver approval process, we are taking to OCD this Thursday a delegation of signature authority proposal that will allow the division director of DIFP to sign tax waivers. We anticipate that this will cut down on the time from when the tax waiver is approved at FMG internal clearance to when the state receives a signed tax waiver. If the tax waiver review time is cut down, this will make the process easier for you and for states that have tax waivers that are funded by SDPs and hopefully avoid the situation of approving an SDP with conditional language.

I think the situation, with regard to a tax waiver with questionable financing is a different matter. I concur that the best that we can do at this point is probably some combination of a companion letter and/or conditional language in the SDP approval letter. I would like to discuss in more detail the difference in between those two options. I think this would all depend, obviously, on the level of information that we have and the guidance that we have regarding what is going on. We are currently working to schedule a meeting where we can discuss how we can treat similarly situated states with possible pooling and redistribution arrangements similar to the arrangements described in the CIB we released on February 17, 2023, similarly. We refer to this approach as placing states in different "buckets" depending on how much information we have, what we know, and what is happening. I am also providing a training today both to the members of our Division of Reimbursement review as well as our tax team regarding the CIB and its implications. If you would like, we can schedule a separate presentation for DMHC or else I can invite you to one of the trainings today and also provide a training today and you can invite whoever might benefit. Once the managed care rule does go into effect, which as you say, would make clear that CMS can disapprove SDPs based on impermissible financing, I think we need to have a conversation about it and when we intend to use that authority. That conversation would probably be at the group director level. I am wondering, if the managed care rule goes into effect, and we are simultaneously working on the SDP, how those two things will relate to one another. Obviously, we are in a different world after the rule goes into effect than before as it relates to financing for SDPs. So I am not sure if it makes sense to do an SDP based on one set of expectations and rules, then have the rule go into effect, and then need to go back and revise that SDP. We should discuss this.

Regarding the general approach or conditional language for SDPs, companion letters, and whatever other options that we have, I think that it would make sense to bring this issue to FNG group leadership. We could ask them what their preference would be in two situations: one, for tax waivers that are still under review that fund SDPs, and two for SDPs with taxes that have possible harmless concerns. We could ask them if their preferred approach would change before or after the effective date of the managed care rule if it is finalized as proposed. And we could ask them their thoughts. If we do have the authority to disapprove SDPs based on impermissible financing, how we can work with DMHC to determine when and how we can and should use that authority. Our OUC might be good to have on these calls as well as this is, after all, a legal question at the end of the day.

Once we bring these questions to our group leadership, we can report back to you on their preferences. Of course, we can also invite you and anyone else from DMHC who wants to join to the call when we discuss these issues with our group leadership. They are important ones, obviously, with great consequences for the oversight and operation of the Medicaid program, so I think that having group leadership input is essential in this regard.

Please let us know if you have any questions or concerns, or would like to schedule a call separate from the SDP call to discuss anything raised in this email.

Best,

Jonathan

Hi Jonathan,

Thank you for following up so quickly on North Carolina - we will begin moving that ahead to approve as we discussed already with the conditional language - thanks!

On Oregon, we understand that the issue uncovered during the SDP review is likely to take more time and you all need more information from the state first. We have received last night the following email from the state. They have not been issuing these payments to their hospitals, including CHFs. We do believe that the best path forward is to issue conditional approval letters of the SDPs, allowing you all to continue working with the state on the underlying issue with the law waiver. The conditional language could be exactly the same as we are doing for NC.

"An optional letter does not constitute approval of any Medicaid waiver (including the conditions for its continuation from period(s) in an specific Medicaid waiver) under the corresponding Medicaid waiver (plus condition(s) not contained in the original letter). This optional letter will contain the mandatory requirements pursuant to 42 CFR 438.6(c)(1)."
For further information on the implementation of an optional letter, see the document described in 42 CFR 438.6(c)(1). Approval of the corresponding Medicaid waiver (plus condition(s) not contained in the original letter) is still required.

As part of the review process for state directed payments, CMS has become aware of some concerns with the state's underlying law waiver. CMS is keen to resolve the concerns with the committee moving forward. CMS can however, any concerns with the underlying law waiver before CMS can receive any payment or any future payments for the waiver programs." Arrangements in any subsequent funding agreement(s). Please contact [redacted] if the state requires technical assistance."

On the SDP at large, I think that in the past, we have had success with states in adding conditional language to approval letters. We have employed this strategy around ACR analyses; when states have had challenges providing the ACR analyses at the provider-level service level that we request from states today, we include conditional language like that below.

"As part of the review process for state directed payments, CMS has required states to demonstrate that the state directed payments result in provider payment rates that are reasonable, appropriate, and attainable. To do this, CMS has required an analysis from states to understand the relative effect of the state's unique payment system on each provider. Under the same financial incentive such as Medicare, Medicaid, state plan FFS rates, or Average Commercial Rate (ACR), CMS appreciates one mechanism that New York provided in the payment arrangement to estimate benefit expenses for residential services. CMS is able to analyze this payment arrangement in a subsequent rating period. Please contact [stateactedrecertifications@cms.hhs.gov](#) if the state requires technical assistance."

We plan that strategy with an open for TA, which states generally take up. We now have monthly calls with LA, whereby case with NY and did so with MS in the lead up to their most recent submission; the strategy has been successful in getting better data from states.

It also is similar to a strategy we used with Rhode Island and New Hampshire in the past, both of which had long-standing issues with their provider rates. After obtaining a commitment from the states, we approved the SDPs and issued companion letters that you all drafted outlining the concerns with the underlying rates. The states have now resolved the underlying concerns with those financing sources.

With the rule, we are inclined to where we will have better legal footing to deny SDPs generally, on financial grounds as well as others. These rules are obviously would still need to go out for public comment and then be finalized, etc. In the interim, I think that we can use the approach outlined earlier: if a state comes in for review after our approval letter has been issued with conditional language about an underlying financing issue (like a tax waiver) and the state hasn't made progress on addressing the issue, then I think we would suggest bringing it to a clearinghouse meeting with ODCO to determine next steps.

I know we have the SDP meeting now scheduled for March 20, we will open up a document for that meeting that will lay this out that I think, once we have agreement at a staff level, we can raise up our respective chains for sign off.

Does that approach seem workable for you all?

Thanks,
Laura

LNUB3..

CMS200015o3325

Thank you for the summary and for your request. I am raising this issue up to my Division leadership. My understanding is that there are three SDPs in two states that have been held up on the basis of financing. One is NC_Fee_OPH_Renewal_20220701-20230630, one is OK: Tax Waiver for OR_Fee_OPH_OPH1, and one is OR_Fee_OPH_OPH2 renewals.

Regarding North Carolina, we had a discussion with Rory on March 1, 2023 and he indicated, like you have in the past, that the current North Carolina pre-print that is on hold due to financing concerns is not the one about which we have possible hold harmless concerns. As you know, we are still working through questions on the North Carolina tax waiver. I would like to send the following attached questions to North Carolina on their tax waiver and I am waiting on clearance from Branch leadership and Division leadership to do so. These are questions that we need answers to before approving the tax waiver that North Carolina sent us.

Regarding Oregon, we plan on sending Oregon an email containing the following information:

1. Regulation definition on inpatient hospital services and outpatient hospital services
2. Asking Oregon on what line they are claiming expenditures for the two excluded facilities on the form CMS-64. We often look at this to determine what ~~does~~ a facility should be in for purposes of health care-related taxes if there is a question about that.
3. The state can indicate that describe how these facilities are reimbursed. For similar rationale as the prior point.
4. Are there other rehab hospitals or psychiatric hospitals that the state of Oregon does not include in its IP and OP hospital services taxes or are these the only two such facilities?

I am optimistic that the North Carolina issue can be resolved in somewhat shorter order, especially because the potential hold harmless issues do not appear to apply to this specific pre-print. Regarding Oregon, I believe that this may end up being a long, complicated, drawn out, and potentially contentious issue.

I will raise the approach that you suggested to my branch and division leadership. If necessary, we will also raise to our group leadership. I think that having a standard operating procedure when it comes to issues such as this would be beneficial. With regard to the conditional language, I think we would like to see a written statement from DMG regarding what would occur if a state promised to fix a certain financing issue and failed to do so when they submitted a subsequent pre-print funded by the same source. These are hard issues, and we appreciate your continued support and partnership. I also look forward to working some of the details of these issues out in our SDP discussions.

Best,

Jonathan

Hi Jonathan,

Thank you for the discussion at the tax meeting today. In alignment with the discussion we had on Oregon, DNCP would prefer to move ahead with approval of this SGP. This is a long-standing SGP. It is a renewal that was submitted in April 2022. All other aspects of this review have concluded and it is otherwise ready for approval. From the discussions and the question sets, it is clear that there is significant work to do with the state on cleaning up their tax waivers. We appreciate and support your team's work to identify and correct the underlying issue with the state's tax waiver that was originally approved in 2012.

Given that this payment arrangement is a renewal of an existing payment arrangement, we believe the most prudent measure would be to include conditional language in the SGP approval letter about the concerns related to the provider tax that we'd like to work with FNG on crafting and setting an exemption for the state to continue working on this issue.

DNCP will plan to move ahead with the proposed approach next week. Please let us know by COB 3/9 if you see significant concerns with this approach.

Thanks,
Laura

Laura,

I think then the SO approach you outlined is my understanding as well. I do not believe that we have received final confirmation from CMS on this point. In addition to the hold harmless concerns, we have separate concerns with the state's tax waiver request. For one, it depends on though North Carolina is charging a different tax rate for each quarter and then taking the average of all of those rates and saying that is what they are taxing hospitals. However, that is not the case. It is an average of what they are taxing the hospitals. Every time the state makes a non-uniform change to its tax rates, they must apply for a new tax waiver. I do not believe the state can do what they appear to be doing within a single tax waiver. I can forward you the appointment to our tax meeting if that would be helpful.

Pulling off the state.

I wanted to check – I understand that there are concerns with the information collected and how it is captured in their tax waiver. Any understanding that I wanted to check with you all since you are meeting on this tomorrow is that the continuation letter noting the tax waiver could be issued with the approval of the SDP while you all continue to work with the state to better document and appropriately seek waiver authority for the changes to their tax waiver separately and apart from the SGP review. In other words, the SGP approval would not need to be held until the tax waiver was updated and approved by you all. Does that match? If not, I do think we'll DFCP would have significant concerns with such an approach as this SDP has been pending since last April for a contract rating period that is soon ending.

Thanks,
John

Good morning,

Attached are two submissions, recognizing different CMS areas of responsibility.

1. Standard submission to CMS for the Hospital Tax Waiver request. This is pursuant to CMS Guidance in their communication on September 13, 2012 as part of this subject present. This submission should include:
 - a. Hospital Tax Waiver Letter (JAF)
 - b. NC 01 Tax Year (COAT)
 - c. NCIS 108s, Article 75 (part)

2. Secondly, the same three documents plus the response to the Round 4 Questions (Word) for the Prevent Team.

Subject: DUE 2PM TODAY: :TAXES HOLD HARMLESS CIB ROLLOUT ACTIONS

Good morning,

Please see below actions. We did receive OL edits to the CIB reactive and the OCD has follow-up Qs on taxes actions for FL, MO and TX. I did make the OCD aware generally that FMRs are not posted publicly and reminded them that MO will be a focused CMS-64 review. Please respond by 2pm today.

1. We received OL edits/comments on the **CIB reactive**. Please confirm where we accept the proposed changes ☐ [CIB Reactive Statement w/OL Comments](#)

2. The OCD (Dan/Perrie) has clarifying questions on FMG FL, MO, TX tax related actions. See below and in the SP link here for collaboration
☐ [OCD Qs on FMG - FL MO TX Taxes Related Actions](#)

OCD Qs on FL, MO, TX taxes related actions (please provide responses in SP link above)

1. Have we issued to Florida any other FMRs , on any other subjects, since January 2021? Or is this their first FMR since that time?
2. Did we also start an FMR with TX and MO on this same issue? Or is the OIG looking into TX?
 - a. What is the status of TX and MO âC" either FMRs or OIGs? When did those start?

3. I know the letter to FL is not public. Do final FMR reports, including this one, get posted on Medicaid.gov?
4. Confirm the following is accurate:

Subject: DUE COB TODAY: :TAXES HOLD HARMLESS CIB ROLLOUT ACTIONS

Hello team,

Hopefully this will be quick and I can hear back by COB today.

1. First We are gearing up to rollout the Taxes CIB on Friday and need to make sure we're aligned on actions. Please let me know if there are any final ***tweaks*** to the final CIB here ↗ [Final Taxes CIB](#)

2. **Please review the FMR Reactive Statement and let me know if there are edits:**

On Wednesday, February 22, the Florida Deputy Secretary for Medicaid Tom Wallace will receive a letter notifying the state of the engagement by CMCS of a Financial Management

Review (FMR) of Floridaâ€™s managed care state directed payments (SDPs) funded by its health-related tax. The state was previously made aware of this coming FMR in a companion letter issued as part of the SDP approval in September 2022. The FMR will review the stateâ€™s **operation of and supervision over** its Local Provider Participation Fund (LPPF) **health care-related** tax program as a source of Floridaâ€™s non-federal share. CMCS is aware of other states have similar hospital tax arrangements. The states appear to have pre-arranged agreements to redirect Medicaid payments away from Medicaid providers serving a high percentage of Medicaid beneficiaries to hospitals that either do not participate in Medicaid or serve a low percentage of beneficiaries. This payment redirection appears to violate federal requirements. Floridaâ€™s LPPF tax structure and media reports indicate that the Florida LPPF arrangement may be similar to the other state arrangements. To date, Floridaâ€™s Agency for Health Care Administration (AHCA) has been unable (**or unwilling**) to provide assurance that there is not an arrangement to redistribute Medicaid state directed payments.

3. ROLL-OUT â€“ The CIB will be released on Friday by 3pm, **Rory** please confirm what time you will be contacting the FL and MO SMDs

- **Friday 2/17 â€“ Rory Action:** prior to Taxes CIB being released, FMG will contact Florida SMD regarding engaging on a Financial Management Review (FMR) of Floridaâ€™s managed care state directed payments (SDPs) funded by their health related tax. We did make the state aware in a companion letter issued as part of SDP approval in 2022.
- **Friday 2/17 â€“ Rory Action:** prior to Taxes CIB being released, FMG will contact the Missouri SMD regarding a focused CMS-64 review of the stateâ€™s inpatient/outpatient Federal Reimbursement Allowance (FRA) hospital tax and will review expenditures for quarter ended 12/31/2022 .
- **Friday 2/17 - CIB RELEASED @3pm**

4. State Follow-Up Actions Post Issuance of the Taxes CIB (Week of 2/20): DFOs/Jay please note the Weds 2/22 date to release the FMR engagement letter and MO questions

- On Weds 2/22 FMG CMS will issue the FL FMR engagement letter to the state
- On Weds 2/22 FMG will issue a question-set to the state in advance of the focused CMS-64 review regarding any pooling/redistribution of funds issues.

Please respond by COB today with any minor tweaks to the final SMD and Reactive Statement. **Rory**, please let me know what time you plan to make calls on Friday.

Hello,

I want to make you aware that the release of the taxes CIB has been moved to Friday 2/17. Rory will connect with the FL SMD regarding the FMR on the following Weds 2/22? Rory is that your understanding?

I will keep everyone posted on any changes.

I was wondering about that one as well. I don't think it would be appropriate to add a managed care pre-print reference here. But there might be something in section 438 of the regs.

Thanks Johnathan. The citations are around documentation collection correct? It appears OL is flagging whether there is a citation around 438.6 (c) managed care pre-print collection. Can someone share the draft CIB with John Giles and Laura Snyder in DEHPG to

confirm? If we can hear back by COB Mon that would help to keep us on track with the 2/10 release date.

Thank you!

Beverly,

Most of the edits should be easy and we can do today. The only one I donâ€™t know about is the request for a reference to the â€œmanaged careâ€ regulations as it relates to the authority of CMS to request documentation as I am not as familiar with the managed care regs. We can do everything else quickly.

Best,

Hello, I am adding a SP link (below) for the reactive statement with OL comments/edits (attached) to be aligned with the updated CIB and Q/As. Will these changes impact the OA briefing paper? We normally wait until we have clearance comments before going to OA, but I understand we are on a somewhat tight timeline.

OC reconciled the comments. I did move the reconciled version of the CIB and Q/As to SharePoint (below). Please see attached with separate line edits/comments for full disclosure from OL and OGC. Please make edits in the reconciled version.

Thanks Kristin,

Status update: OCD confirmed we are still aiming for 1/23. OCD is awaiting OGC comments (if any) on the CIB. Once the CIB clears Comms, the OCD will send it directly to Rachel in IOS, Sara Sills in OMB (Rory I did mention to Perrie that we shared and advanced copy with OMB), and Jessica Schubel in DPC to review.

In addition due COB today - Here is the [reactive that was drafted by OC](#) for the CIB. **Please let me know if you have edits to the reactive statement developed by OC.**

Thanks

Beverly

Thanks Beverly. I defer to others but don't think the edits are helpful for the CIB. It was carefully crafted language. I would not recommend accepting these changes.

Hi Tim,

Happy New Year. I appreciate you taking the time to review and to comment. Thanks for catching the typo and for highlighting where we could be more precise to avoid misinterpretations. We'll update the draft CIB to address the comments/edit. Thanks again.

Rory

I understand the CIB was FYI-only, but I feel compelled to share with you a few things in the attached. I was only reading it to try to learn the policy, but there is a place in the CIB where a reader could easily take away the wrong message. And a typo.

Title: Internal Q&As for CMCS informational bulletin on health care related taxes and hold
harmless arrangements.

Agency/Office: CMCS

Subject/Description: CMS will release an informational bulletin on health care related taxes
and hold harmless arrangements involving the redistribution of Medicaid payments. This
informational bulletin responds in part to questions CMS has received regarding the
statutory and regulatory requirements applicable to health care-related taxes, including in
connection with proposals to implement or renew Medicaid managed care state directed
payments (SDPs). There will be a reactive statement, listserv message, and internal
questions-and-answers for this item.

Subject: RE: RE: DUE 2PM TODAY: :TAXES HOLD HARMLESS CIB ROLLOUT ACTIONS

Thanks Ricard. On the Florida SDP FMR, can you add the month/date in 2022 when the FMR was conducted.

OCD Qs on FL, MO, TX taxes related actions

1. Have we issued to Florida any other FMRs , on any other subjects, since January 2021? Or is this their first FMR since that time? **I donâ€™t think so, but DFO/DFP can confirm. Yes, we conduct an FMR in 2022 on two of nine the state direct payment preprints. (draft report is being prepared and has not yet been issued to the state)**
2. Did we also start an FMR with TX and MO on this same issue? Or is the OIG looking into TX? **The OIG is doing a report for Texas that began in November 2021 and is expected to be completed sometime in 2023 (I forgot timing) Entrance conference with the state was April 14, 2022**
 - a. What is the status of TX and MO â€“ either FMRs or OIGs? When did those start? **For MO â€“ I donâ€™t think there has been an FMR on this topic. The last FMR on MO hospital tax was issued 11/25/2007 and was related to what revenues should or should not be included in the hospital tax base. MO we are performing an expanded 12/31/2022 CMS-64 review that will include the FRA tax.**
3. I know the letter to FL is not public. Do final FMR reports, including this one, get posted on Medicaid.gov? **We do not post to Medicaid.gov, but they are FOIABLE**
4. Confirm the following is accurate:
 - a. CMCS anticipates to issue a draft FMR report to the state by the end of calendar year 2023. The state will then have 30 days to formally respond to the draft report. Afterwards a final report will be issued that will incorporate the stateâ€™s response to any findings, observations, and recommendations

including CMS comments to the state's response. **Correct** " though many times states ask for additional time.

If the state's response to our findings is not sufficient, CMS will consider possible disallowances of FFP. **Correct**

Subject: DUE COB TODAY: :TAXES HOLD HARMLESS CIB ROLLOUT ACTIONS

Hello team,

Hopefully this will be quick and I can hear back by COB today.

1. First We are gearing up to rollout the Taxes CIB on Friday and need to make sure we're aligned on actions. Please let me know if there are any final ***tweaks*** to the final CIB here ☐ [Final Taxes CIB](#)

2. **Please review the FMR Reactive Statement and let me know if there are edits:**

On Wednesday, February 22, the Florida Deputy Secretary for Medicaid Tom Wallace will receive a letter notifying the state of the engagement by CMCS of a Financial Management Review (FMR) of Florida's managed care state directed payments (SDPs) funded by its health-related tax. The state was previously made aware of this coming FMR in a companion letter issued as part of the SDP approval in September 2022. The FMR will review the state's operation of and supervision over its Local Provider Participation Fund (LPPF) health care-related tax program as a source of Florida's non-federal share. CMCS is aware of other states have similar hospital tax arrangements. The states appear to have pre-arranged agreements to redirect Medicaid payments away from Medicaid providers serving a high percentage of Medicaid beneficiaries to hospitals that either do not participate in Medicaid or serve a low percentage of beneficiaries. This payment redirection appears to violate federal requirements. Florida's LPPF tax structure and media reports indicate that the Florida LPPF arrangement may be similar to the other state arrangements. To date, Florida's Agency for Health Care Administration (AHCA) has been unable (or unwilling) to provide assurance that there is not an arrangement to redistribute Medicaid state directed payments.

3. **ROLL-OUT** The CIB will be released on Friday by 3pm, **Rory** please confirm what time you will be contacting the FL and MO SMDs

- **Friday 2/17** **Rory Action:** prior to Taxes CIB being released, FMG will contact Florida SMD regarding engaging on a Financial Management Review (FMR) of Florida's managed care state directed payments (SDPs) funded by their health related tax. We did make the state aware in a companion letter issued as part of SDP approval in 2022.
- **Friday 2/17** **Rory Action:** prior to Taxes CIB being released, FMG will contact the Missouri SMD regarding a focused CMS-64 review of the state's inpatient/outpatient Federal Reimbursement Allowance (FRA) hospital tax and will review expenditures for quarter ended 12/31/2022 .
- **Friday 2/17 - CIB RELEASED @3pm**

4. State Follow-Up Actions Post Issuance of the Taxes CIB (**Week of 2/20**): DFOs/Jay please note the Weds 2/22 date to release the FMR engagement letter and MO questions

- On Weds 2/22 FMG CMS will issue the FL FMR engagement letter to the state

- On Weds 2/22 FMG will issue a question-set to the state in advance of the focused CMS-64 review regarding any pooling/redistribution of funds issues.

Please respond by COB today with any minor tweaks to the final SMD and Reactive Statement. Rory, please let me know what time you plan to make calls on Friday.

Hello,

I want to make you aware that the release of the taxes CIB has been moved to Friday 2/17. Rory will connect with the FL SMD regarding the FMR on the following Weds 2/22? Rory is that your understanding?

I will keep everyone posted on any changes.

Thanks

I was wondering about that one as well. I don't think it would be appropriate to add a managed care pre-print reference here. But there might be something in section 438 of the regs.

Thanks Johnathan. The citations are around documentation collection correct? It appears OL is flagging whether there is a citation around 438.6 (c) managed care pre-print collection. Can someone share the draft CIB with John Giles and Laura Snyder in DEHPG to confirm? If we can hear back by COB Mon that would help to keep us on track with the 2/10 release date.

Thank you!

Beverly,

Most of the edits should be easy and we can do today. The only one I don't know about is the request for a reference to the "managed care" regulations as it relates to the authority of CMS to request documentation as I am not as familiar with the managed care regs. We can do everything else quickly.

Best,

The release date for the CIB has moved a couple times as OC is planning for other rollouts. Please see attached, the CIB is now targeted to be **released on Friday 2/10**. It is currently under OS review with comments due on Monday; however, I am checking with Perrie on whether the below schedule will be revised given the new 2/10 release date. I will keep you posted.

- 1/19 " Send to IOS (Rachel) for Review
- 1/23 COB " Rachel sends comments
- 1/25 " FMG revises
- 1/26 9am " Send to EOP (DPC, OMB) for review
- 1/30 12pm " EOP sends comments
- 1/30 " FMG revises
- 1/31 or 2/1 " Launch (depending on comments?)

Hello, I am adding a SP link (below) for the reactive statement with OL comments/edits (attached) to be aligned with the updated CIB and Q/As. Will these changes impact the OA briefing paper? We normally wait until we have clearance comments before going to OA, but I understand we are on a somewhat tight timeline.

OC reconciled the comments. I did move the reconciled version of the CIB and Q/As to SharePoint (below). Please see attached with separate line edits/comments for full disclosure from OL and OGC. Please make edits in the reconciled version.

Thanks Kristin,

Based on your comments would the below edits work? Please others review Kristinâ€™s comments in the attached and make edits here [reactive that was drafted by OC by COB today](#).

State use of impermissible non-federal share sources often artificially inflate federal Medicaid expenditures. Further, these arrangements ~~reimburse~~ reward providers based on their ability to fund the state share and ~~divert the focus of~~ disconnect Medicaid payment from services, quality of care, health outcomes, and other program goals. Additionally, some redistribution arrangements may result in redirecting Medicaid payments away from Medicaid providers that serve a high percentage of Medicaid beneficiaries to providers that do not participate in Medicaid or have relatively lower Medicaid utilization.

Thanks

Subject: Status and Follow Up on Reactive Statement DUE COB TODAY: CIB Health Care Related Taxes and Hold Harmless Arrangements

Thanks Kristin,

Status update: OCD confirmed we are still aiming for 1/23. OCD is awaiting OGC comments (if any) on the CIB. Once the CIB clears Comms, the OCD will send it directly to Rachel in IOS, Sara Sills in OMB (Rory I did mention to Perrie that we shared and advanced copy with OMB), and Jessica Schubel in DPC to review.

In addition due COB today - Here is the reactive that was drafted by OC for the CIB. **Please let me know if you have edits to the reactive statement developed by OC.**

Thanks

Beverly

Thanks Beverly. I defer to others but don't think the edits are helpful for the CIB. It was carefully crafted language. I would not recommend accepting these changes.

Hi Tim,

Happy New Year. I appreciate you taking the time to review and to comment. Thanks for catching the typo and for highlighting where we could be more precise to avoid misinterpretations. We'll update the draft CIB to address the comments/edit. Thanks again.

Rory â€”

I understand the CIB was FYI-only, but I feel compelled to share with you a few things in the attached. I was only reading it to try to learn the policy, but there is a place in the CIB where a reader could easily take away the wrong message. And a typo.

Title: Internal Q&As for CMCS informational bulletin on health care related taxes and hold
harmless arrangements.

Agency/Office: CMCS

Subject/Description: CMS will release an informational bulletin on health care related taxes
and hold harmless arrangements involving the redistribution of Medicaid payments. This
informational bulletin responds in part to questions CMS has received regarding the
statutory and regulatory requirements applicable to health care-related taxes, including in
connection with proposals to implement or renew Medicaid managed care state directed
payments (SDPs). There will be a reactive statement, listserv message, and internal
questions-and-answers for this item.

Subject: RE: RE: Financing Work Group
Hello all,

I wanted to provide some additional context for the Washington issue that Rory brought up today during the FWG's meeting with OGD.

Andrew and I have been working on this Washington issue. The state is attempting to transition from a pass-through payment structure to a state-directed payment because CMS is phasing out pass through payments. The state has a tax on inpatient hospital services and outpatient hospital services. There are two concerns/items of interest:

1. The State is raising the amount that they raise in the hospital tax. We approved two waivers for this tax in 2022. The state has concerns that the pooling and redistribution arrangements could be in place along the lines that we described in the February 17, 2023 CIB. The state does not want to be on the hook in case there is a hold harmless, we deem the tax impermissible, and recoup the associated FFP as outlined by statute. We would also probably want to know if the state is still under the 6% limit. And we would want to know if they made any changes to the structure of the tax.
2. The State provides for a 2% retention for MCOs in the SDPs. That is the State pays \$1000 to the MCO through the SDP. The MCO retains 2% of that or \$20 and uses that to pay the MCO tax.
Several considerations:
 - If this were FFS, we would definitely have a problem as Andrew has said because there is a net expenditure issue. However, this is not FFS. This is MC.
 - States are required to take into account the costs of taxes, including health care-related taxes, when developing capitation rates. This is in order to ensure that the rates they pay are actuarially sound. Laura Snyder has confirmed this policy.
 - We certainly would need to consider if this is a hold harmless from a tax perspective. I don't think the answer is clear, but the answer is probably no. A hold harmless would occur if the state is making a payment, offset, or waiver that guarantees to hold the provider harmless for all or any portion of the tax. We have also said that states can take into consideration Medicaid's allowable portion of the tax. That is they can repay

the tax to providers based on the level of Medicaid utilization that they have. States can also make changes to the structure of their tax as long as those changes are uniform. For example a 10% reduction in the amount that all taxpayers pay.

for healthcare-related taxes, it's never been more important to me. An CIO said from his fiscal unit, "In the states reviewed, we found that non-CIO supplemental payments exceeded 75 percent of hospital tax payments for 84 percent of the hospitals." However, because the taxes were below the 6% threshold they were charged, participants 80% of tax payments being returned to taxpayers through increased Medicaid payments seems like a reasonable figure.

Other tax team members can chime in. We can discuss more at the tax summit meeting today.

CIO staff attached.

Good morning.

We received follow-up questions from the GAO related to the audit of State Directed Payments. DPP/DPP and I will answer those questions below by CIO Friday. Thank you.

Written responses

1. We are using the following assumptions to calculate the effect of using provider taxes and intergovernmental transfers to finance the non-federal share of directed payments. We used these assumptions in recent GAO work on Medicaid financing (GAO-21-5B). The assumptions are based on a 2017 Medicaid and CHIP Payment and Access Commission report, as well as interviews with Medicaid officials, our past reports, and a report from the Department of Health and Human Services Office of the Inspector General.
 - 80 percent of the funds providers contributed from provider taxes and donations were returned to the same providers as part of a directed repayment;
 - 75 percent of the funds local governments contributed from intergovernmental transfers were returned to local government providers as part of a directed payment;
- a. Does CMS have any concerns about GAO using these percentages to calculate net directed payments, the total directed payments received by all providers minus the amount of funds the providers contributed to finance the non-federal share of the directed payments they receive?

For Averia, the CMS "state review tool" was listed all wrongfully.

As for the question about why "revisions needed" may appear on the checklist, below MDCO provided the section from the checklist's instructions table explaining the reasons why the "revisions needed" designation may appear. To be clear, this designation does not mean that the checklist is incomplete, nor does it indicate it has been filled out incorrectly.

"There are two cells in the upper right hand corner of sections I through IV (cells J1 and J2) that display an analyst's progress through each section and the review outcome. The "Status of Section" box (J1) indicates the status of each section based on the number of items that are marked as "Met", "Not met", "Unclear," or "N/A." When all status fields in a given section are blank, the status will be marked "Not Started." When at least one field in the sheet contains a valid value, the "Status or Section Review" will be marked "In Progress," and when all fields contain a valid value, the status will be marked "Completed." The "Actioned" box will note that the review is "Actioned" if all of the status fields are marked "Met", "N/A", or left blank if not required. Alternatively, the "Decision" box will note that the review is "Decided" if all of the status fields are marked as "Met" with appropriate documentation provided within the applicable "Where Found" applicable cell; (2) marked as "Not met" with appropriate documentation provided within the applicable "Where Found" applicable cell; or (4) left blank if crosshatched."

Please let us know if Dr. has any additional questions.

Thanks,
Sonya

Hi Norma - I'm so sorry to have to get back to MCOG again, I may have provided a level of detail from this week.)

- For Arizona – the CACW rate review (not current for 10/1/23-10/1/24) rating period – once this uploaded by manager or someone from my organization to the subsequent rating period? The ACC rate review tool provided covers the correct time period GAO is looking at [10/1/2021 – 9/20/2022]
- Some of the rate review tools indicate “revisions needed” – is this just an issue with the spreadsheet, or something to do with the actual rate review?

Thanks!

What evaluation standards did CMS consider in establishing the DE? Why not? DE would need to answer this, but to clarify, we are referring to the own set of hypotheses and measures. Under the 1115 demonstration, CMS does not share the authority or responsibility for examining whether there is a net benefit to the program, nor does it oversee that authority, and lives outside of the 1115 demonstration.

H) Adeena,

The GAO has completed its review of the documentation we provided. Thanks also to the groups for all of their work on this! The GAO will now like to go ahead and set up a meeting to discuss some questions they have regarding the evaluation plan and results. They expect that they will have some general questions, as well as questions specific to the grants they reviewed. We will share the specific set with the groups as soon as we receive it.

In the meantime—could the groups review the dates/times above and indicate all of their availability?

Good morning. Please see DEHHS's expenses in red below:

* Is it correct that Antenna and both Terrenecon 2023 programs have been submitted to CMS but not yet formally approved? – <https://www.cms.gov/regulated-health-care/programmatic-reviews-and-approvals/programmatic-reviews-and-approvals-for-2022>? CMS referred to by the state as CHRP, it was a replacement for an existing SPP that has been approved starting in SEP 2021 through SEP 2021 that the state community refers to as CHRP. We are heavy to provide this proposed preprint for <https://www.cms.gov/regulated-health-care/programmatic-reviews-and-approvals/programmatic-reviews-and-approvals-for-2021> if CMS is interested.

* Thanks for providing this additional context on the back and forth with Texas looking at cross-cutting question set lagging my memory a bit on this one. On Texas's website they have a 3/24/22 version as the last round of questions/responses prior to approval is the document uploaded into Sharepoint titled "CMS Round 5 Feedback_TX Responses 11.5.23" the final version, which has also been uploaded to <https://tx.dshs.texas.gov> site with other documents.

Thank you! Antenna

Hi Adeena,

This is great, please thank DHEG for all of their work on this. I had a few additional questions which I've included below:

- Is it correct that Arizona and both Tennessee 2021 preprints have been submitted to CMS but not yet formally approved?
 - Is "Tx_Fee_UPR-CMS-Lant_Area_2010901_20220831" the new SGP that does not have a 2023 submission?
- Thanks for providing the additional contact on the back and tenth with Texas looking at the cross-cutting question set (https://tx.dshs.texas.gov/tx-biennium-14-5-21) for that version, or the one on Texas's website?

Thanks!

Good morning!

DHEG provided responses to the following six questions. Please see below:

Adeena

- CMSCP team uploaded the documents as requested from Q1. Please note specific responses below, in red:
- For Tx_VBF_NF_Biennial_20210901-20220831 there was no question set, back and forth provided, but there is a revised version. Could DHEG confirm whether there were any discussions with the state on this one that led to the revised version, or if the state submitted the revised document on their own? – the revised version is all Texas hospitals in 2023 back to baseline. Each proposal was reviewed separately for a few rounds, but then also question sets for all 5 states proposals were compared into one question set that included all back and forth between CMS and the state. The initial question sets are in red since they have been uploaded into this work.
 - For Tx_Fee_UPR-CMS-Lant_Area_2010901_20220831 federal even though it applies to both land three other proposals not included in this work.
 - For Tx_Fee_UPR2_Biennial_20220101-202221231 this document contains any updates from the state as to when they anticipate the CY 2020 evaluation findings will be complete? – the evaluation findings were part of the 2023 biennium submission, which is discussed in the SGP.
 - I did not see the 2023 approved programs for any of the 5 states. At the 2023 submissions for Tennessee, Arizona and Wisconsin is this something that DHEG is still working on? If I have missed them somewhere my apologies! – 2023 submissions are uploaded into path 'Tx's' however, in my new 'preprints' there are no 2023 files. For states with multiple programs, we created 2021 folder for each program and the specific documents are located there. 2023 submissions, if applicable are also similarly organized.

For ease of review, the SGP link is here:

Hi,

I reviewed the documents that DHEG uploaded a couple of weeks ago and have a few questions:

CMS10010223.v3525

- For TR_VIP_Ne_Revised_20230901-20230818 there was no question sets / back and forth provided, but there is a revised preprint. Could DEHPG confirm whether there were any discussions with the state on this one that led to the revised version, or if the state submitted the revised preprint on their own?
- For TR_F6_I_P02_Federal_202301-20231231 has DEHPG provided any updates from the state as to when they anticipate the QF 2023 evaluation findings will be complete?
- I did not see the 2021 approved preprints for any of the 5 states, or the 2022 submissions for Tennessee, Arizona and Michigan. Is this something that DEHPG is still working on? If I have missed them somehow, my apologies!

Thanks!

Please see Norma's response to the question below.

Yes, Texas 2-36 is still pending. 2-36 less not the contract resulting the state-directed payment, which is why it was removed, and replaced with the earlier contract amendment. In terms of the rate certifications, if the contract corresponding to a specific SGP has not been approved, then the rate certifications have also not been approved. In other words, the rate certifications associated with the TX_AZ and GA contracts have not been approved, while MI and TN have.

Ok, look at the documents and had a couple of questions. For the Taks UNCC conflict the version that was previously provided was v.2.35 but Cc is only having v.2.34 and 2.35 in the StatutePrint Table now. However since v.2.35's still available, would it be fair to say v.2.35's pending as well?

ABU DHABI: not sure I am following the connection between the contract, actions and the rate certifications. Is the status the same as for the covenants meaning that all of the rate certifications of M&T and TIA are approved and TXM and TXZ are still pending?

Hi, Michelle,

Please see Sarah's name below. Sarah does not have a list. She suggests that MCOs touch base with the provider (DHCIS) folks to get the list of rate certifications and MCOs will know which contracts and certifications are needed by COB for GAO.

I am supplying our DHCIS staff contacts for efficiency.

Adeline and DHCIS colleagues, can you help Michelle and Sarah and their SMEs reach the DHCIS staff who are working on this audit so MCOs know whom rates and contracts need to be pulled for GAO and GAO?

Many thanks, everyone.

Hi Norma – I do not have a list of the rate certifications. I was just informed by DMCP that they uploaded everything to the sub-folders (inc on SharePoint). It looks like DMCP has labeled them all by rate review contractor name. Is MCOG able to identify the rate certs that MCOG or me may be asking for me to write down the names of the files in an e-mail?

Thanks!

Hi Adrew - Yes, I had previously confirmed that the GAO was comfortable with DMSG's proposed approach for the rate certifications. I understand this to mean that DMSG will provide all applicable rate certifications, [with those certifications and any rate amendments that have not been withdrawn by the State], and subsequently provide a status of which associated contracts have been approved.

Is there any additional certification needed from the GAO in this area?

Thanks!

Thank you very much Debbie -- and Debbie!

I can answer most of these questions, and will need to check-in with the GAO on the rate and gross. In the meantime, could you confirm if this has been shared with CMS/DOI/DODD and NC2G/DOA? If so, do they have any additional input to provide on timing, or will the true frame of date December/Early January suffice?

- All documents can be uploaded to this SharePoint folder. It would help for me to make sub-folders with each state/contract name in the know, and I am happy to do so.
- GAO's suggestion to just provide (1) an OIGs and states' responses; and (2) any substantive communications that occurred with States via email is fine. We typically do not provide emails in response to these types of requests because it can be burdensome and there often is not any substantive information added. The only thing I would add is that we may be governed under the category of "substantive communication(s)" if not if there are any formal letters sent from CMS or the state we will want to send those as well.
- For this request for SPAs/allowances nothing is needed one file for now. GAO said that they think they can find this on their own so DMSG doesn't need to pull anything.

Thanks!

Please see below response from OGCI:

OGCI is meeting today and working on the final request. We have virtually reviewed this on this call with GAO, while we intermittently will be in touch on an as-needed basis, but we need to ensure our MCOG and CAHPS colleagues are ok with the schedule for providing documents to the GAO. We should be able to provide a preliminary plan by the end of this week for DHCIP. We are working with MCOG on their plan for providing contracts and CAHPS on their plan for providing quality technical assistance to the GAO. All of this to say, OGCI will send our plan by the end of this week. Does that work?

Please see response from DEHPC below:

DEHPC and DOIT have added in responses to Q43 questions 1 & need 6. Questions 4 & need 5 are concerning the fact that HQ is concluding. It is our understanding that Beverly Boston is coordinating those responses.

Attached are a draft letter referenced in Question 1:

- 1) On the DEHPC SOP, we have included the final SOP atm, but there are other attachments referenced that we can attach later if GAO wants.
- 2) The second is a decision tree that DOIT uses.

Let us know if you need anything else.

The GAO is transmitting, requesting the following managed care documents from CMS in selected states. They do not yet have the specific states affected, but anticipate it would be in the 3-5 range, and for payment upwards of \$1B. They would be looking for all the documentation for the selected state directed payments -

Digitized by srujanika@gmail.com

• Managed C++ constraints

• For selected state directed payments, initial and revised preprints

Is there anything else you should know about these documents before making their request? For example, how are these documents stored, how much effort would be required to fulfill this request? Additionally, is there a specific time period that they should be looking on to ensure the contract, rate certificates, and evaluation has been submitted to CMS?

We have just received the GAO's corrections for the entrance conference scheduled on 9/20/20. We still do not have a team member, or an audit number, that will provide that information so soon as it is available. We can plan to discuss this at our internal prep this Thursday, the 2nd at 2:30, once we have received the GAO's corrections.

Good morning!

We are still awaiting the list of the GAO's time-lit participants for the entrance conference, but in the meantime they have provided the below hours they would like to discuss. Please let me know if any additional times from CMS or OACT will need to participate based on this information.

- * State directed payment proposals (initial and renewals)
- * Coordination of state-directed payment proposal services with contract and rate rebates
- * State directed payment monitoring
- * State directed payment evaluation review

Thanks!

Good afternoon!

The GAO has informed us about some new work on state directed payments that they are beginning which will be follow up to three previous emails. We do not yet know an official start date or certain end dates for these conferences, but they would like to go ahead and schedule an intermediate conference for mid late September. They have indicated that they are particularly interested in the relationship between the preprint review and OIG reviews of managed care contracts and rate certifications, which we will likely include in our agenda.

Could folks please review the times below and indicate all of their availability by COB 9/26?

Anna,

I updated the chart with the Missouri, Florida, Washington, Nevada, and Texas SDP reviews and the Missouri possible disallowance letter, and the North Carolina IP-OP tax waiver. I also added more detail on the MC rule. Everything that I am currently aware of that could be affected by the CIB in any way is now on the chart. I included things that I was pretty sure were resolved just to be safe and cover everything. I am not aware of anything else. Thank you.

Best,

Hi Everyone,

Rory asked me to reach out and collect a list of all the actions FMG is currently working on that could be affected by the Texas decision that came out on Monday. Rory is meeting with OGC/OCD at 3:30 so we'd like to have this list together by then. Would you please add in information to the table in [this document](#)? (Note it's in [this folder](#), if the doc downloads automatically).

Sorry for the rush. I hope that this list isn't too burdensome. We don't need a lot of detail. Thanks!

Subject: Meeting to Discuss Missouri FRA

Dear all,

I have been communicating with Eric Powell regarding next steps to take on this CMS-64 review. Eric has indicated that OGD would like to schedule a meeting to talk about the approach that we will be taking for the CMS-64 review for the quarter ending 12/31/2022. Here are some questions that I think are important:

- What we want the purpose of this review to be?
- How exactly we are going to get at what we want to get at using a CMS-64 review? As you may know, the only place that healthcare-related taxes generally come up on the CMS-64 is in the CMS 64.11 (a) where states are supposed to list what taxes they have. Is that the angle we will be taking?
- How and at what point we quantify amounts for a potential deferral/disallowance related to the FRA assessment?

Also, I think it's important to think about how we can coordinate between the FMR from DFO-East related to the Florida LPPF as well as this review of Missouri's FRA tax, especially because many of the same questions will probably come up.

How do we want to go about scheduling a meeting with OGD to talk about the Missouri CMS-64 review related to their FRA tax? Should we check with Evelyn to get some times that work with Rory's schedule and then build around that? I am looking forward to working with all of you on this review.

Best,

Jonathan
