PNNL and NETL Teams,

We need to connect soon on coordination between the GCAM analysis and NETL LCA analysis for the LNG Export Study. Here are open times from my side:

- Tuesday, 10 to 11 am; 12 to 1 pm; or 2 to 3:30 pm
- Wednesday, 10 to 11:30 am; 12:30 to 4 pm

Let me know what works for yours and I'll send a meeting notice out.

Thanks, Paco

Hi Kevin and Tim,

Thank you for taking the time today to walk us through the comments on the Draft Env. Review.

We are very happy that the work we did to update the report pushed this back on the right track and we look forward to getting the next iteration over to you.

We are currently targeting a delivery date of August 11th for the next revision but we will 1) need to confirm with our tech editor that the schedule we have in mind will work and 2) want to walk through the comments on Chapter 7 before nailing down the date.

I've attached the notes from today's meeting, along with my additions/notes on the comments we walked through on the report – Chapters 1-3 this morning. We will add comments from the two upcoming meetings this week to the same documents but I wanted to share for reference.

Please let me know if I missed anything. Thanks all!

Sincerely,

Subject: LNG Regulatory Analysis Support - Task 4 Env. Review Update
Attachments: 8_11_23.zip

Hi Tom, Amy, Tim, and Kevin,

DRAFT*DELIBERATIVE*PRE-DECISIONAL

Good afternoon! The team has been hard at work updating Ch. 1 - 6 of the report and I am happy to report we are ready to submit today instead of on Monday.

The attached .zip folder contains 1) A revised clean version of the report with a few minor comments for your consideration, 2) a comment response log which contains comments from the reviewed version of the report sent to NETL on 7/28, some comments from the meetings that occurred 7/28-8/2 and our responses, and 3) an image permission tracking log.

We would ask that ask done previously any additional comments from FECM be delivered to NETL all at once, in a consolidated format including any additional references you'd like us to add. This helps us in managing our timeline to completion.

We will be in touch early next week with a plan and schedule for Ch. 7. Since our typical monthly check-in meeting will be dedicated to the LCA team next week I'll be in touch regarding a meeting time for the schedule.

I hope you all have a nice weekend! We look forward to getting your feedback. Thanks!

Sincerely,

Hi Tom, Amy, and Tim,

*DRAFT*DELIBERATIVE*PRE-DECISIONAL*

Good afternoon! Please find the first draft of the update to the 2014 Addendum to the Environmental Review attached. Chapters 1 through 6 are ready for your review. We should have Chapter 7 ready for your review by next Friday.

We look forward to receiving your feedback but are wondering if it would be possible to receive all comments at once?

Thank you!

Sincerely,

Check twice before you click! This email originated from outside PNNL.

All,

I realize we still have our standing Teams meeting at noon today and likely better to cancel this one at 10 am so everyone has more time to address comments and edits.

Just want to confirm in case people can't make the 12 pm meeting.

Paco

PNNL and NETL Teams,

We need to connect soon on coordination between the GCAM analysis and NETL LCA analysis for the LNG Export Study. Here are open times from my side:

- Tuesday, 10 to 11 am; 12 to 1 pm; or 2 to 3:30 pm
- Wednesday, 10 to 11:30 am; 12:30 to 4 pm

Let me know what works for yours and I'll send a meeting notice out.

Thanks, Paco
